Transmittal No. 16-15

## **United Arab Emirates – Apache AH-64E Helicopters and Services**

WASHINGTON, Dec. 8, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to the United Arab Emirates for Apache AH-64E Helicopters and services, as well as related equipment, training, and support. The estimated cost is \$3.5 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on December 7, 2016.

The Government of the United Arab Emirates (UAE) has requested a possible sale of twenty-eight (28) AH-64E Remanufactured Apache Attack Helicopters; nine (9) new AH-64E Apache Attack Helicopters; Seventy-six (76) T700-GE-701D Engines (56 remanufactured, 18 new, 2 spares); thirty-nine (39) AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAR-11 Modernized Pilot Night Vision Sensors (28 remanufactured, 9 new, 2 spares); thirty-two (32) remanufactured AN/APR-48B Modernized – Radar Frequency Interferometers forty-six (46) AAR-57 Common Missile Warning Systems (31 remanufactured, 9 new, 6 spares); eighty-eight (88) Embedded Global Positioning Systems with Inertial Navigation (72 new, 16 spares); forty-four (44) Manned-Unmanned Teaming-International (MUMTi) systems (28 remanufactured, 9 new, 7 spares); and fifteen (15) new MUMTi System Upper Receivers. This request also includes training devices, helmets, simulators, generators, transportation, wheeled vehicles and organization equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. Total estimated program cost is \$3.5 billion.

This proposed sale will enhance the foreign policy and national security of the U.S. by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale will improve the UAE's capability to meet current and future threats and provide greater security for its critical infrastructure. The UAE will use the enhanced capability to strengthen its homeland defense. The UAE will have no difficulty absorbing these Apache aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Boeing in Mesa, AZ and Lockheed Martin in Orlando, FL. Offsets are a requirement of doing business in UAE; however offsets are negotiated directly between the Original Equipment Manufactures or other vendors and the UAE government and details are not known at this time.

Implementation of this proposed sale will not require the assignment of contractor representatives to the UAE.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, [pm-cpa@state.gov](mailto:pm-cpa@state.gov).
